# DOUBLES plus ONE

Directions: Write the sum of each double and then write the sum for each double plus one.

$7 + 7 = \underline{\quad}$

so

$7 + 8 = \underline{\quad}$

$2 + 2 = \underline{\quad}$

so

$2 + 3 = \underline{\quad}$

$8 + 8 = \underline{\quad}$

so

$8 + 9 = \underline{\quad}$

$4 + 4 = \underline{\quad}$

so

$4 + 5 = \underline{\quad}$

$9 + 9 = \underline{\quad}$

so

$9 + 10 = \underline{\quad}$

$3 + 3 = \underline{\quad}$

so

$3 + 4 = \underline{\quad}$

$6 + 6 = \underline{\quad}$

so

$6 + 7 = \underline{\quad}$
